## IS AN OCTOPUS

**HARVE BAINUM IS ACCUSED OF BEING A TRUST.**

## MARVELS AT SERVICE

**First Impression of Stranger in Maryville Formed From Bus Service—Isn't All "Smiling" Business.**

In Sunday's Kansas City Star appeared a write-up of E. H. Bainum, who has been in the bus business in this city for the past seventeen years: "Harve" Bainum of Maryville is an octopus. But he isn't a devouring octopus, although he has been busy whipping out or eating up his competitors for the last seventeen years. But the common plug citizen can walk right up to Mr. Bainum and shake him by one of his tentacles, and not feel a bit uneasy.

But notwithstanding all this, Mr. Bainum is a trust. He owns the only bus business in Maryville, and is decent about it. If all trusts were like "Harve" Bainum there wouldn't be any trust question in the United States, for Mr. Bainum learned a long time ago that being a monopoly didn't imply the abuse of power. Therefore, Mr. Bainum gives better bus service than Maryville ever had when there was competition, and Mr. Bainum will go further to do his customers a favor because he knows that they either have to patronize him, or else take all that mile walk up from the Burlington depot.

When a stranger comes to Maryville he marvels, first of all, at the good bus service. That may be because he comes into contact with it first, but it partly is because it is better than he ever expected to find in a town of Maryville's size. For one thing, the stranger wonders that he isn't asked to pay his fare when he gets out of the bus at the hotel—but he isn't. It's a principle with "Harve" Bainum never to ask for the first half of the round trip fare. His drivers, following up the custom, learn to know faces and the passenger never is molested until he has finished the round trip.

Another feature of the Bainum bus business is the "hurry-up" wagon. Never heard of a "hurry-up" wagon? Well, that's what comes to hustle you to the station when you are almost missed. It stands ready always after the busses start on their regular trips, and it has a fleet horse attached and can "make the train" after the whistle has sounded. Sometimes it's a close call, but a hair's breadth is better than nothing.

And, if by some unusual chance, you are missed, the train hasn't more than pulled out down the One Hundred and Two Bottom until there comes a representative of Mr. Bainum. And the emissary wants to know if you are much discommoded by the occurrence, and if you have suffered a financial loss. On occasions Mr. Bainum has sent the disappointed one to towns as far away as thirty and forty miles, chartering an auto for the trip—and collecting only the original 25-cent fare for the trip.

On one occasion a passenger's baggage was missed. He figured that the delay cost him \$20. Mr. Bainum stripped a yellow bill off a roll, passed it to the man, shook hands—and smiled.

Another time \$15 squared the account. But the aggrieved one always is recompensed to the full amount.

Five times Mr. Bainum met opposition and came out with flying colors. The last time was eight years ago, when a company put on an automobile bus. Mr. Bainum put a pair of well bred trotters on his bus, and it was a race to town every time. Finally the motor bus quit.

Through all these seventeen years of competition and changes of partners and fights Mr. Bainum's line always has been called the Union bus line. Sometimes it has been very, very profitable and again it has been on the verge of disaster. But now it has a fleet of nine cream colored buses, hauling as many as one hundred passengers off the night trains of the Wabash and Burlington, and it is housed in a barn that is nearly as big as a world's fair building.

The high cost of horse living has got to be a big factor in the business now. When Mr. Bainum started out he paid \$70 for "as good a team of bus horses as ever looked through a collar," he says. Now he pays all the way from \$170 to \$210 an animal. Hay that used to cost \$5 a ton delivered now costs \$10; corn, one time plentiful at thirty-five cents a bushel has gone as high

as eighty cents in recent years, and he pays his drivers from \$10 to \$13 a week each, whereas \$5 a week once was the standard price.

So, you see, being an octopus, a pleasant octopus, isn't all smiling business.

**Mrs. Ed Kuster Passed Away Monday Morning—Funeral Services Not Yet Arranged.**

Mrs. Ed Kuster, who was brought to St. Francis hospital Friday afternoon from her home, nine miles northwest of Maryville, for an operation for an acute attack of appendicitis, died Monday morning at 9 o'clock. The funeral arrangements have not been completed.

## MADE THREE WILLS 189 IN CONTEST

**ALONZO THOMPSON VARIOUSLY DISPOSED OF ESTATE.**

## TO SHUT OUT THE BOY

**Litigation Likely to Follow in Effort to Keep Alonzo, Jr., From Inheriting—Buried in \$1,200 Casket.**

In the St. Louis papers of Saturday and Sunday appeared accounts of the burial of Alonzo Thompson, who died at Denver, Col., on Wednesday. The following is one from the St. Louis Republic:

After attending the funeral in Belleville, Ill., Saturday of Alonzo Thompson, aged millionaire spiritualist, who died in Denver, Col., Wednesday, James H. Harris, an attorney, and Dr. W. H. Neisen immediately started on the return trip to Colorado to face the contempt citations issued there when they insisted upon taking the body out of the state against the will of the courts.

Mr. Thompson was buried in Belleville, in compliance with a dying request that he be buried beside two former wives, whose graves are in Green Mount cemetery.

Shortly after his death, Alonzo Thompson, Jr., a son of his third wife, filed suit to restrain Mr. Harris and Dr. Neisen from taking the body and his father's last will out of the state.

The party accompanying the body on its trip eastward dodged several sheriffs, who attempted to stop them, and the will, they said, would be filed for probate in Nebraska.

The will, which bequeaths all Mr. Thompson's property to his "heirs at law," will be contested, it is said, in an effort to prevent Alonzo, Jr., from sharing in the estate.

Mrs. E. P. Lindley of Nevada, Mo., only other child of Mr. Thompson, was present at the funeral.

Mr. Thompson's third wife recently divorced him in Denver and receives \$100,000 alimony.

Funeral services were held in the First Baptist church at Belleville, Rev. P. D. Mangum officiating.

Preceding his death, the aged spiritualist made three wills. The first bequeathed the entire estate to the woman, except \$5 to the son. The second gave half the estate to the son and half to the co-respondent. The third, which is the one mailed, Fullerton, bequeaths it to "the heirs at law."

Several days before his death Mr. Thompson destroyed the first two wills in the presence of his brothers, Cyrus Thompson of Belleville, and Charles Thompson of Portland, O., leaving the one bequeathing his property to "heirs at law."

Of the heirs at law, attorneys say, there cannot be more than two—Alonzo, Jr., son by the third wife, and Mrs. E. P. Lindley of Nevada, Mo., daughter by the first wife.

It is admitted by attorneys for Mrs. Lindley that an effort to disbar Alonzo Thompson, Jr., from sharing in the estate, will be made, and this was one of the reasons for Attorney Harris' anxiety to get the will out of custody of the Denver courts.

The casket was a \$1,200 bronze casket.

### TO START WORK TUESDAY.

**Concrete Work to Commence for White Way Poles—Old Light Poles Being Taken Down.**

Work will start Tuesday on the concrete foundation for the white way poles around the business section of the city. It will probably take a month or so, if the weather is favorable, for the white way to be ready for use.

The Electric Light company were taking down their light poles Monday in the business part of the city. If the Western Union and telephone company will follow the example of the light company then all poles up-town will be down and will add much to the attractiveness of the city.

### MANY PHONES CHANGED OVER.

**Over 140 Bell Phones Now Connected On the New Switchboard—A New Chief Operator.**

Work is progressing nicely on changing the Bell phones over to the Hanano new switchboard. Up to Monday over 140 phones had been changed to the new board, and an operator is being used on the board to take care of these phone users.

Miss Marie Jones of Fort Worth, Texas, arrived Monday and will be the chief operator for the telephone company.

## TRACK MEET ENTRIES LARGELY EXCEED LAST YEAR.

**Interest Much Exceeds That of Any Past Year—Moore Looks for Records to Be Smashed.**

With all the entries in for the 1913 track meet and oratorical contest, all indications point out that the fourth annual affair will eclipse all former years in every way.

Corresponding Secretary V. I. Moore has received entries for the track meet from twenty schools of the district. This number exceeds last year's entries by six schools. A total of 189 youthful athletes will compete for honors this year, while last year but 127 were present. There are sixteen entries for the girls' declamatory contest and eleven for the boys' oratorical contest. Six schools are represented in the essay contest. This makes a total of twenty-three schools taking part in the different contests, and a grand total of 223 participants in the different events.

Of the twenty schools entered in the track meet, New Hampton, Jamesport, Bosworth, Mound City and Gallatin have never been represented in the local meet before.

In the girls' declamatory contest Nina Ewing of Tarkio, Pauline M. Jones of Platte City, Lucy Laney of Savannah and Leora Kime of Westboro were in the contest last year. Heber Hunt, the Platte City youth who won the boys' oratorical contest in 1911, will come back this year for new honors. Joe Fisher of Grant City, who was an oratorical contestant last year, will attempt to win honors this year.

The athletic park at the Normal is being put in excellent shape, and with an even break with the weather man the quarter mile track will be in fine condition for the races.

"I look for at least six records to be smashed this year, if the track is fast," said V. I. Moore Saturday, in talking over the prospects for Maryville's greatest annual event. Several schools that heretofore have shown no remarkable ability in the meet, report several "phenoms" who are expected to show class in the track and field events.

Following are the schools entered in the track meet and the number of men from each school:

Breckinridge 4, Platte City 10, New Hampton 9, Grant City 7, Maitland 5, Tarkio 7, Stanberry 4, Maryville 13, Bosworth 4, Gallatin 10, Chillicothe 12, Albany 7, Mound City 11, Rockport 7, St. Joseph Central 12, Savannah 11, Trenton 7, Bethany 15, Jamesport 11, Westboro 7.

The entries for the girls' declamatory contest to be given on Friday night, April 25, are:

Flora Kellogg, Rosendale, "The Courtin'," by Lowell.

Erma Sager, Stanberry, "Queen Catherine's Plea," by Shakespeare.

Beulah Terry, Gilman City, "The Bear Story," Riley.

Gaynel Wayman, Albany, "The Famine," by Longfellow.

Nina Ewing, Tarkio, "King Robert of Sicily," by Longfellow.

Leora Kime, Westboro, "Spanish Gypsy," by George Eliot.

Margaret Whitnell, Tarkio, "Rerve Riel," by Browning.

Pauline M. Jones, Platte City, "The Famine," by Longfellow.

Gladys Holt, Maryville, readings from Riley.

Marie Spillman, Grant City, "Hiawatha's Departure," by Longfellow.

Pansy Kenower, Breckinridge, "The Famine," Longfellow.

Lucy Laney, Savannah, "King Robert of Sicily," by Longfellow.

Lucille McHugh, Maitland, "The Bear Story," Riley.

Francis McDonald, Gallatin, "The Sioux Chief's Daughter," Miller.

Helen Rosenthal, Jamesport, "Mary Alice Smith," Riley.

Merrill Brown, Rockport, "The Sioux Chief's Daughter," Miller.

Hazel Vaughn, St. Joseph Central, "Armgart," George Eliot.

The entries for the boys' oratorical contest are:

Ernest White, Gilman City, Gettysburg address, Lincoln.

Earl Longstreet, Albany, supposed speech of John Adams, Webster.

Paul Park, Tarkio, "The Philippine Question," Beveridge.

Robert Etter, Gallatin, "Eulogy on Ben Hill," Henry.

Heber Hunt, Platte City, "Reply to Hayne," Webster.

Seth Herndon, Plattsburg, "Oration

on the American Flag," Beecher. William David, Maryville "The New South," Grady.

Joe Fisher, Grant City, "Give Me Liberty or Death," Henry.

Waldo H. Kasendick, Savannah, "Give Me Liberty or Death," Henry.

Fred Doty, Jamesport, "Immortality," Bryan.

William Stone, St. Joseph Central, speech at the opening of the first national Progressive convention, Beveridge.

The names of the essay contestants are not disclosed until the winners of the contests have been announced, but the following schools are represented: Rockport, Plattsburg, Grant City, Tarkio and St. Joseph Central.

## CRUSHED TO DEATH

**MARION ULMER MEETS DEATH UNDER OLD HOUSE.**

## WAS KILLED INSTANTLY

**Was Under Center of House When Joists Gave Way, Breaking His Back, and Causing Instant Death**

Marion Ulmer, who has been engaged in the business of moving and raising houses in Maryville for the past twenty-six years, was crushed to death at 2 o'clock Monday afternoon at the Vandersloot place, about two miles east of Maryville.

Mr. Ulmer, with several men helping him—John Ulmer, Charles Lattimer and Ollie Majors of Maryville and James Hook and Harry Bartlett, living east of town, were raising the one-story house of three rooms for the placing of a foundation. The house was old and in bad condition. Mr. Ulmer went under the house, to the center, to put in an extra brace, when the center gave way over him. It is believed he was killed instantly.

The men with whom Ulmer was working tunneled under the house to where they body was. He was kneeling, and his neck, back and one leg were broken. James Hook and Harry Bartlett drew Ulmer's body out from the place of death.

Dr. Will Wallis, the coroner, was summoned at once.

Ulmer was 56 years old. He lived at 1105 East Thompson street, and is survived by a son, Frank Ulmer, and a daughter, Mrs. Purl Edwards, both of this city. His wife died last fall.

## PHYSICIANS ENDORSE VINOL.

To Create Strength and for Pulmonary Troubles.

Run-down, debilitated people, those who need strength, or who suffer from chronic coughs, colds or bronchitis may find help in these letters.

Dr. C. L. Dreese, Goshen, N. Y., says: "In cases where the curative influence of cod liver oil is needed, I prescribe Vinol, which I find to be far more palatable and efficacious than other cod liver preparations. It is a worthy cod liver preparation in which a physician may have every confidence."

Dr. L. B. Bouchelle of Thomasville, Ga., says: "I have used Vinol in my family and in my general practice with the most satisfactory results. It is exceedingly beneficial to those afflicted with bronchial or pulmonary troubles, and to create strength."

## TALKED OF PANAMA CANAL.

C. H. Simmons, Guest of C. E. Wells, Tells Students Interesting Things About Big Ditch.

Mr. C. H. Simmons, whose home is in Atlantic, Ia., but who has been employed for the past three years in Chile, South America, is spending a few days in this city as a guest of Librarian C. E. Wells of the Normal, with whom Mr. Simmons was closely associated in the South American republic for more than a year. Mr. Simmons is sub-manager for the Singer Sewing Machine company's business in that country and has lately been transferred to Guatemala City, Guatemala. He has been home on a vacation and is now on his way to New Orleans, from whence he will sail for his new territory.

Mr. Simmons visited the Normal Monday morning and talked to the students at the chapel hour, telling them some of the interesting things about the Panama canal. He spent a short time in Panama on his way home and gathered some valuable and interesting information.

Mr. Simmons says that had the United States attempted to build the canal at the time when France started the work, when the sanitary condition of the country was unbearable for the workmen, that Uncle Sam would have failed as utterly as did France.

"It was the mosquito, the insect responsible for so much yellow fever in the zone, that caused France to give up the project," asserted the speaker, "and it was only after medical authorities from the states went down there and caused the swamps to be drained, and did away with the deadly insects, that the United States was able to carry on the work of the canal."

## Quality and Service Command the Price

YOU who are on your feet lots and wear out lots of shoe leather will do well to consider where and by whom your shoes are repaired, for know ye this, there is a vast difference between different machines used in the shoemaker's trade.

There are MACHINES and then there are machines, which to the bystander knowing nothing about their workings, look very similar to one another.

Yet there is a difference, and this is plainly shown in the work done by the two.

Take a poor machine and good leather and work is turned out that the mechanic ought to be ashamed of, and again, take this same leather—or some of the BEST—and let the repairing be done on a first class machine, operated by a man who has had years of training at that make of machine and many years experience as a shoemaker, and what kind of a job have you then? The answer is a self-evident fact—

A job that not only pleases the customer's eye and knowledge of superior workmanship, but also pleases his feet.

I never have any work to do over. My machine is absolutely the BEST MADE—GOODYEAR—and my prices are no higher than INFERIOR GRADES OF WORK. First class or no charges. If you can't come, use parcel post.

### MT. AYR.

The rainy weather all week is not very acceptable with the farmers, who were so anxious to get their oats sowing done.

Henry Heitman's little folks are still having a tussle with the measles. Anna, Ben and Joe are ill and one or two smaller yet to have them.

There will be a meeting of trustees of Mt. Ayr church Friday afternoon at 2 o'clock to decide about setting out trees for a grove and other business.

Ethel Dick went over to Maryville today to take eighth grade examination, accompanied by her teacher, Miss Ora Wilcox.

Quite a large acreage intended for oats will, on account of the intervention of bad weather, be put in corn or something else.

Red clover has soared high in price, but there is nothing better to revive the soil than red clover.

Jake Bigley's niece is keeping house for him this spring.

Rev. Royston, pastor of this charge, has been making quite an extended visit all week among the parishioners, and also advising with them and holding choir practice.

Horatio Schoonover and family have been entertaining their aunt from Maryville for part of the week.

R. D. Stenard is preparing his ground to set out young trees by blowing out the holes with dynamite. A very good idea. Several of his neighbors are employing the same article in clearing up their stump ground.

Eugene Hilsabeck, our hustling and very polite Bedison merchant, received a great quantities of eggs in a single day and fully as many as two or three Maryville stores combined.

Kane Bros. are preparing quite a large field for alfalfa and sowing oats for nurse crop.

Jacob Eisenman reports he has quite a fine field of alfalfa this spring.

There will be one week more of school. It was not well attended this week on account of mud and rain for the little folks to wade through.

William Blatter of the Parle drug store was the guest of Hubert Zeck and Kathryn Zeck last Sunday.

Mrs. Campbell of Barnard was the guest of Mrs. Wm. Mzingo last Sunday.

Lowell Thompson was threatened with a bad case of pneumonia, but through the early attention of Dr. L. E. Dean the little fellow is getting along nicely and is able to be about.

There has been a protracted meeting at Bedison this week, but owing to the bad weather many could not attend and the meeting was discontinued Wednesday evening. Rev. Snodgrass, accompanied by his wife, who plays the piano and otherwise assists him, will commence again in the near future, as soon as expedient.

They have a new piano installed in the Bedison church. It makes a very nice improvement.

## The Easy Laxative

In justice to yourself you should try Rexall Orderlies,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associated organs or glands.

### Make Us Prove It

We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes; 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

### Rexall Orderlies

Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, gripe, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate

### SENATORS BY DIRECT VOTE.

Almost Certain Governor Will Have to Call Special Session to Put Law Into Effect.

It is practically certain Governor Major will have to call a special session of the legislature to put into effect the new constitutional amendment providing for the direct election of United States senators those familiar with the Missouri election laws say.

The amendment, which became effective Tuesday, provides that henceforth every senator shall be elected by a direct vote of the people. In Missouri there is no machinery to accomplish this. The amendment says the legislature may empower the governor to make appointments until the election machinery is provided. But the late legislature failed not only to pass a direct election bill, but "neglected" to give Governor Major the authority to appoint.

Under the constitutional amendment two courses appear feasible. Governor Major may call a special session of the legislature to enact the necessary laws, or he may wait until Senator Stone's term expires and then call a special election to fill that vacancy. In either event, it is bound to have a vital bearing on the senatorial race in Missouri in 1915, when William Joel Stone will attempt to succeed himself in the senate.

The Missouri law now providing a "primary" to choose the candidates for the senate was the handiwork of Stone.

It provides that the Democratic candidates for the United States senate shall be on the Democratic ticket at the general election; the Republican on the Republican ticket, and so on. The candidate receiving the highest vote is the choice of his party before the legislature.

## IS AN OCTOPUS

HARVE BAINUM IS ACCUSED OF BEING A TRUST.

## MARVELS AT SERVICE

First Impression of Stranger in Maryville Formed From Bus Service—Isn't All "Smiling" Business.

In Sunday's Kansas City Star appeared a write-up of E. H. Bainum, who has been in the bus business in this city for the past seventeen years: "Harve" Bainum of Maryville is an octopus. But he isn't a devouring octopus, although he has, been busy whipping out or eating up his competitors for the last seventeen years. But the common plug citizen can walk right up to Mr. Bainum and shake him by one of his tentacles, and not feel a bit uneasy.

But notwithstanding all this, Mr. Bainum is a trust. He owns the only bus business in Maryville, and is decent about it. If all trusts were like "Harve" Bainum there wouldn't be any trust question in the United States, for Mr. Bainum learned a long time ago that being a monopoly didn't imply the abuse of power. Therefore, Mr. Bainum gives better bus service than Maryville ever had when there was competition, and Mr. Bainum will go further to do his customers a favor because he knows that they either have to patronize him, or else take all that mile walk up from the Burlington depot.

When a stranger comes to Maryville he marvels, first of all, at the good bus service. That may be because he comes into contact with it first, but it partly is because it is better than he ever expected to find in a town of Maryville's size. For one thing, the stranger wonders that he isn't asked to pay his fare when he gets out of the bus at the hotel—but he isn't. It's a principle with "Harve" Bainum never to ask for the first half of the round trip fare. His drivers, following up the custom, learn to know faces and the passenger never is molested until he has finished the round trip.

Another feature of the Bainum bus business is the "hurry-up" wagon. Never heard of a "hurry-up" wagon? Well, that's what comes to hustle you to the station when you are almost missed. It stands ready always after the busses start on their regular trips, and it has a fleet horse attached and can "make the train" after the whistle has sounded. Sometimes it's a close call, but a hair's breadth is better than nothing.

And, if by some unusual chance, you are missed, the train hasn't more than pulled out down the One Hundred and Two Bottom until there comes a representative of Mr. Bainum. And the emissary wants to know if you are much discommoded by the occurrence, and if you have suffered a financial loss. On occasions Mr. Bainum has sent the disappointed one to towns as far away as thirty and forty miles, chartering an auto for the trip—and collecting only the original 25-cent fare for the trip.

On one occasion a passenger's baggage was missed. He figured that the delay cost him \$20. Mr. Bainum stripped a yellow bill off a roll, passed it to the man, shook hands—and smiled.

Another time \$15 squared the account. But the aggrieved one always is recompensed to the full amount.

Five times Mr. Bainum met opposition and came out with flying colors. The last time was eight years ago, when a company put on an automobile bus. Mr. Bainum put a pair of well bred trotters on his bus, and it was a race to town every time. Finally the motor bus quit.

Through all these seventeen years of competition and changes of partners and fights Mr. Bainum's line always has been called the Union bus line. Sometimes it has been very, very profitable and again it has been on the verge of disaster. But now it has a fleet of nine cream colored buses, hauling as many as one hundred passengers off the night trains of the Wabash and Burlington, and it is housed in a barn that is nearly as big as a world's fair building.

The high cost of horse living has got to be a big factor in the business now. When Mr. Bainum started out he paid \$70 for "as good a team of bus horses as ever looked through a collar," he says. Now he pays all the way from \$170 to \$210 an animal. Hay that used to cost \$5 a ton delivered now costs \$10; corn, one time plentiful at thirty-five cents a bushel has gone as high

as eighty cents in recent years, and he pays his drivers from \$10 to \$13 a week each, whereas \$5 a week once was the standard price.

So, you see, being an octopus, a pleasant octopus, isn't all smiling business.

## MADE THREE WILLS 189 IN CONTEST

ALONZO THOMPSON VARIOUSLY DISPOSED OF ESTATE.

## TO SHUT OUT THE BOY

Litigation Likely to Follow in Effort to Keep Alonzo, Jr., From Inheriting—Buried in \$1,200 Casket.

In the St. Louis papers of Saturday and Sunday appeared accounts of the burial of Alonzo Thompson, who died at Denver, Col., on Wednesday. The following is one from the St. Louis Republic:

After attending the funeral in Belleville, Ill., Saturday of Alonzo Thompson, aged millionaire spiritualist, who died in Denver, Col., Wednesday, James H. Harris, an attorney, and Dr. W. H. Nelson immediately started on the return trip to Colorado to face the contempt citations issued there when they insisted upon taking the body out of the state against the will of the courts.

Mr. Thompson was buried in Belleville, in compliance with a dying request that he be buried beside two former wives, whose graves are in Green Mount cemetery.

Shortly after his death, Alonzo Thompson, Jr., a son of his third wife, filed suit to restrain Mr. Harris and Dr. Nelson from taking the body and his father's last will out of the state.

The party accompanying the body on its trip eastward dodged several sheriffs, who attempted to stop them, and the will, they said, would be filed for probate in Nebraska.

The will, which bequeaths all Mr. Thompson's property to his "heirs at law," will be contested, it is said, in an effort to prevent Alonzo, Jr., from sharing in the estate.

Mrs. E. P. Lindley of Nevada, Mo., only other child of Mr. Thompson, was present at the funeral.

Mr. Thompson's third wife recently divorced him in Denver and receives \$100,000 alimony.

Funeral services were held in the First Baptist church at Belleville, Rev. P. D. Mangum officiating.

Preceding his death, the aged spiritualist made three wills. The first bequeathed the entire estate to the woman, except \$5 to the son. The second gave half the estate to the son and half to the co-respondent. The third, which is the one mailed to Fullerton, bequeaths it to "the heirs at law."

Several days before his death Mr. Thompson destroyed the first two wills in the presence of his brothers, Cyrus Thompson of Belleville, and Charles Thompson of Portland, O., leaving the one bequeathing his property to "heirs at law."

Of the heirs at law, attorneys say, there cannot be more than two—Alonzo, Jr., son by the third wife, and Mrs. E. P. Lindley of Nevada, Mo., daughter by the first wife.

It is admitted by attorneys for Mrs. Lindley that an effort to disbar Alonzo Thompson, Jr., from sharing in the estate, will be made, and this was one of the reasons for Attorney Harris' anxiety to get the will out of custody of the Denver courts.

The casket was a \$1,200 bronze casket.

## TO START WORK TUESDAY.

Concrete Work to Commence for White Way Poles—Old Light Poles Being Taken Down.

Work will start Tuesday on the concrete foundation for the white way poles around the business section of the city. It will probably take a month or so, if the weather is favorable, for the white way to be ready for use.

The Electric Light company were taking down their light poles Monday in the business part of the city. If the Western Union and telephone company will follow the example of the light company then all poles up-town will be down and will add much to the attractiveness of the city.

## MANY PHONES CHANGED OVER.

Over 140 Bell Phones Now Connected On the New Switchboard—A New Chief Operator.

Miss Marie Jones of Fort Worth, Texas, arrived Monday and will be the chief operator for the telephone company.

## TRACK MEET ENTRIES LARGELY EXCEED LAST YEAR.

Interest Much Exceeds That of Any Past Year—Moore Looks for Records to Be Smashed.

With all the entries in for the 1913 track meet and oratorical contest, all indications point out that the fourth annual affair will eclipse all former years in every way.

Corresponding Secretary V. I. Moore has received entries for the track meet from twenty schools of the district. This number exceeds last year's entries by six schools. A total of 189 youthful athletes will compete for honors this year, while last year but 127 were present. There are sixteen entries for the girls' declamatory contest and eleven for the boys' oratorical contest. Six schools are represented in the essay contest. This makes a total of twenty-three schools taking part in the different contests, and a grand total of 223 participants in the different events.

Of the twenty schools entered in the track meet, New Hampton, Jamesport, Bosworth, Mound City and Gallatin have never been represented in the local meet before.

In the girls' declamatory contest Nina Ewing of Tarkio, Pauline M. Jones of Platte City, Lucy Laney of Savannah and Leora Kime of Westboro were in the contest last year. Heber Hunt, the Platte City youth who won the boys' oratorical contest in 1911, will come back this year for new honors. Jos. Fisher of Grant City, who was an oratorical contestant last year, will attempt to win honors this year.

The athletic park at the Normal is being put in excellent shape, and with an even break with the weather man the quarter mile track will be in fine condition for the races.

"I look for at least six records to be smashed this year, if the track is fast," said V. I. Moore Saturday, in talking over the prospects for Maryville's greatest annual event. Several schools that heretofore have shown no remarkable ability in the meet, report several "phenoms" who are expected to show class in the track and field events.

Following are the schools entered in the track meet and the number of men from each school:

Breckinridge 4, Platte City 10, New Hampton 9, Grant City 7, Maitland 5, Tarkio 7, Stanberry 4, Maryville 13, Bosworth 4, Gallatin 10, Chillicothe 12, Albany 7, Mound City 11, Rockport 7, St. Joseph Central 12, Savannah 11, Trenton 7, Bethany 15, Jamesport 11, Westboro 7.

The entries for the girls' declamatory contest to be given on Friday night, April 25, are:

Flora Kellogg, Rosendale, "The Courtin'," by Lowell.  
Erma Sager, Stanberry, "Queen Catherine's Plea," by Shakespeare.  
Beulah Terry, Gilman City, "The Bear Story," Riley.

Gaynel Wayman, Albany, "The Famine," by Longfellow.

Nina Ewing, Tarkio, "King Robert of Sicily," by Longfellow.

Leora Kime, Westboro, "Spanish Gypsy," by George Eliot.

Margaret Whitnell, Tarkio, "Rerve' Riel," by Browning.

Pauline M. Jones, Platte City, "The Famine," by Longfellow.

Gladys Holt, Maryville, readings from Riley.

Marie Spillman, Grant City, "Hiawatha's Departure," by Longfellow.

Pansy Kenower, Breckinridge, "The Famine," Longfellow.

Helen Rosenthal, Jamesport, "Mary Alice Smith," Riley.

Merrill Brown, Rockport, "The Sioux Chief's Daughter," Miller.

Hazel Vaughn, St. Joseph Central, "Aringart," George Eliot.

The entries for the boys' oratorical contest are:

Ernest White, Gilman City, Gettysburg address, Lincoln.

Earl Longstreet, Albany, supposed speech of John Adams, Webster.

Paul Park, Tarkio, "The Philippine Question," Beveridge.

Robert Etter, Gallatin, "Eulogy on Ben Hill," Henry.

Heber Hunt, Platte City, "Reply to Hayne," Webster.

Seth Herndon, Plattsburg, "Oration

on the American Flag," Beecher.

William David, Maryville "The New South," Grady.

Joe Fisher, Grant City, "Give Me Liberty or Death," Henry.

Waldo H. Kasendick, Savannah, "Give Me Liberty or Death," Henry.

Fred Doty, Jamesport, "Immortality," Bryan.

## CRUSHED TO DEATH

MARION ULMER MEETS DEATH UNDER OLD HOUSE.

## WAS KILLED INSTANTLY

Was Under Center of House When Joists Gave Way, Breaking His Back, and Causing Instant Death

Marion Ulmer, who has been engaged in the business of moving and raising houses in Maryville for the past twenty-six years, was crushed to death at 2 o'clock Monday afternoon at the Vandersloot place, about two miles east of Maryville.

Mr. Ulmer, with several men helping him—John Ulmer, Charles Lattimer and Ollie Majors of Maryville and James Hook and Harry Bartlett, living east of town, were raising the one-story house of three rooms for the placing of a foundation. The house was old and in bad condition. Mr. Ulmer went under the house, to the center, to put in an extra brace, when the center gave way over him. It is believed he was killed instantly.

The men with whom Ulmer was working tunneled under the house to where they body was. He was kneeling, and his neck, back and one leg were broken. James Hook and Harry Bartlett drew Ulmer's body out from the place of death.

Dr. Will Wallis, the coroner, was summoned at once.

Ulmer was 56 years old. He lived at 1105 East Thompson street, and is survived by a son, Frank Ulmer, and a daughter, Mrs. Purl Edwards, both of this city. His wife died last fall.

## TEACHERS BEING SELECTED.

Still There Are Several Vacancies to Be Filled—E. C. Duncan to Go to Ravenwood.

### TALKED OF PANAMA CANAL.

C. H. Simmons, Guest of C. E. Wells, Tells Students Interesting Things About Big Ditch.

Mr. C. H. Simmons, whose home is in Atlantic, Ia., but who has been employed for the past three years in Chile, South America, is spending a few days in this city as a guest of Librarian C. E. Wells of the Normal, with whom Mr. Simmons was closely associated in the South American republic for more than a year. Mr. Simmons is sub-manager for the Singer Sewing Machine company's business in that country and has lately been transferred to Guatemala City, Guatemala. He has been home on a vacation and is now on his way to New Orleans, from whence he will sail for his new territory.

Mr. Simmons visited the Normal Monday morning and talked to the students at the chapel hour telling them some of the interesting things about the Panama canal. He spent a short time in Panama on his way home and gathered some valuable and interesting information.

Mr. Simmons says that had the United States attempted to build the canal at the time when France started the work, when the sanitary condition of the country was unbearable for the workmen, that Uncle Sam would have failed as utterly as did France.

"It was the mosquito, the insect responsible for so much yellow fever in the zone, that caused France to give up the project," asserted the speaker, "and it was only after medical authorities from the states went down there and caused the swamps to be drained, and did away with the deadly insects, that the United States was able to carry on the work of the canal."

## Quality and Service Command the Price

YOU who are on your feet lots and wear out lots of shoe leather will do well to consider where and by whom your shoes are repaired, for know ye this, there is a vast difference between different machines used in the shoemaker's trade.

There are MACHINES and then there are machines, which to the bystander knowing nothing about their workings, look very similar to one another.

Yet there is a difference, and this is plainly shown in the work done by the two.

Take a poor machine and good leather and work is turned out that the mechanic ought to be ashamed of, and again, take this same leather—or some of the BEST—and let the repairing be done on a first class machine, operated by a man who has had years of training at that make of machine and many years experience as a shoemaker, and what kind of a job have you then? The answer is a self-evident fact—

A job that not only pleases the customer's eye and knowledge of superior workmanship, but also pleases his feet.

I never have any work to do over. My machine is absolutely the BEST MADE—GOODYEAR—and my prices are no higher than INFERIOR GRADES OF WORK. First class or no charges. If you can't come, use parcel post.

No one pays more for Cream than I do, and our tests and weights are guaranteed absolutely correct, being subject to the state dairy officials of both Missouri and Iowa. Our work in this line must stand the test of these departments. Since the weather has cleared up, work has started on the new auto garage at Ravenwood. The work on the brick laying will start this week. The building is about 40x80 and is being built for J. J. Smith to use as a garage.

The baccalaureate sermon to the Ravenwood high school graduating class took place Sunday evening at the Methodist church by Rev. S. E. Hoover, the pastor. An excellent sermon was preached and fine music given. The members of the class are Misses Fay Madonna Bishop, Vesta Hunt, Eva Vaughn Lawson, Vida Heflin, Vermont Davenport and Mr. Athol W. West.

### MT. AYR.

The rainy weather all week is not very acceptable with the farmers, who were so anxious to get their oats sowing done.

Henry Heitman's little folks are still having a tussle with the measles. Anna, Ben and Joe are ill and one or two smaller yet to have them.

There will be a meeting of trustees of Mt. Ayr church Friday afternoon at 2 o'clock to decide about setting out trees for a grove and other business.

Ethel Dick went over to Maryville today to take eighth grade examination, accompanied by her teacher, Miss Ora Wilcox.

Quite a large acreage intended for oats will, on account of the intervention of bad weather, be put in corn or something else.

Red clover has soared high in price, but there is nothing better to revive the soil than red clover.

Jake Bigley's niece is keeping house for him this spring.

Rev. Royston, pastor of this charge, has been making quite an extended visit all week among the parishioners, and also advising with them and holding choir practice.

Horatio Schoonover and family have been entertaining their aunt from Maryville for part of the week.

R. D. Stenard is preparing his ground to set out young trees by blowing out the holes with dynamite. A very good idea. Several of his neighbors are employing the same article in clearing up their stump ground.

Eugene Hilsabeck, our hustling and very polite Bedison merchant, received a great quantities of eggs in a single day and fully as many as two or three Maryville stores combined.

Kane Bros. are preparing quite a large field for alfalfa and sowing oats for nurse crop.

Jacob Elsenman reports he has quite a fine field of alfalfa this spring.

There will be one week more of school. It was not well attended this week on account of mud and rain for the little folks to wade through.

William Blatter of the Parle drug store was the guest of Hubert Zeck and Kathryn Zeck last Sunday.

Mrs. Campbell of Barnard was the guest of Mrs. Wm. Moxingo last Sunday.

Lowell Thompson was threatened with a bad case of pneumonia, but through the early attention of Dr. L. E. Dean the little fellow is getting along nicely and is able to be about.

There has been a protracted meeting at Bedison this week, but owing to the bad weather many could not attend and the meeting was discontinued Wednesday evening. Rev. Snodgrass, accompanied by his wife, who plays the piano and otherwise assists him, will commence again in the near future, as soon as expedient.

They have a new piano installed in the Bedison church. It makes a very nice improvement.

Mrs. Samuel Schneider, Miss Zadie Thompson, Miss Alta Jackson, Miss Mary Collins and Miss Lydia Ambrose were among the shoppers in Maryville Saturday.

Miss Sarah Grimes spent Sunday near Arkoe with her parents, Mr. and Mrs. John Grimes.

Mr. and Mrs. E. W. Lyon of Arkoe visited in Maryville Saturday with Mrs. Lyon's parents, Mr. and Mrs. G. W. Swinford.

Now that is just what we are trying to do. However, were we to give it another turn or two, the illumination would be more brilliant. ## The Easy Laxative

In justice to yourself you should try Rexall Orderlies,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physics. They give but temporary relief. They often aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

### Rexall Orderlies

Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, gripe, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate

persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associated organs or glands.

### Make Us Prove It

We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes; 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Remedies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

### SENATORS BY DIRECT VOTE.

Almost Certain Governor Will Have to Call Special Session to Put Law Into Effect.

It is practically certain Governor Major will have to call a special session of the legislature to put into effect the new constitutional amendment providing for the direct election of United States senators those familiar with the Missouri election laws say.

The amendment, which became effective Tuesday, provides that henceforth every senator shall be elected by a direct vote of the people. In Missouri there is no machinery to accomplish this. The amendment says the legislature may empower the governor to make appointments until the election machinery is provided. But the late legislature failed not only to pass a direct election bill, but "neglected" to give Governor Major the authority to appoint.

Under the constitutional amendment two courses appear feasible. Governor Major may call a special session of the legislature to enact the necessary laws, or he may wait until Senator Stone's term expires and then call a special election to fill that vacancy. In either event, it is bound to have a vital bearing on the senatorial race in Missouri in 1915, when William Joel Stone will attempt to succeed himself in the senate.

The Missouri law now providing a "primary" to choose the candidates for the senate was the handiwork of Stone.

It provides that the Democratic candidates for the United States senate shall be on the Democratic ticket at the general election; the Republican on the Republican ticket, and so on. The candidate receiving the highest vote is the choice of his party before the legislature.
